JB Dockstader was TQ. Event hard charger was Alex Dykes, the young kid went from the the E-Main, and won it, then to the D and C mains. He was flirting with a chance to get into the A through the B-main... in the alphabet soup only the winner bumped up - in the B-Main the top two went to the main. He was in position for a huge story line but wrecked and lost rhythm. The feature was all Hopcraft, who took the lead very early after pole sitter JB Dockstader mis-cued and left an open door. He checked out and finished with a two-lap edge on the field.
